Subject:

Age: 48

Gender: Female

Patient's Tel:

Specimen Collected: 01/30/2008

Code	Test Name	Values	Provisional Ranges
TSH	Thyroid stimulating hormone	200 High	<i>Borderline Low: 20-25 nIU/ml Normal: 26-85 nIU/ml Borderline High: 86-120 nIU/ml</i>
T4	L-Thyroxine	0.21 Normal	<i>Normal: 0.17-0.42 ng/dl</i>
T3	Triiodo-thyronine	.10 Low	<i>Borderline Low: 0.21-0.27 pg/ml Normal: 0.28-1.10 pg/ml</i>
TPO	Thyroid Peroxidase Antibodies (TPO)	Negative	<i>Normal: Negative</i>

This is a 48 year old female, symptoms include chronic fatigue, dry hair, dry skin, always feels chilled & has trouble losing weight.

The elevated TSH along with low T3 indicates a hypothyroid condition.
